UPDATE FOR UPCOMING  
EVENTS/ACTIVITIES

### CMS School-to-Career Program

School-to-Career links the world of school to the world of work by supporting school-based activities such as *classroom speakers, mentors, soft-skills presentations, and real-world activities*. Classroom teachers and members of the business community collaborate to infuse work-based learning activities into course curriculum.

All students, whether college-bound or workforce-bound, are more likely to succeed if they see a direct correlation between their course work and their future beyond school. Providing this correlation is one of the most important responsibilities of **CMS Career Development Coordinator Ms. Dana St. Juliana.**

Contact Ms. St. Juliana to become a **Business Alliance Member** or a **Business Partner** today!

### Business Alliance

Join us as a **Business Alliance Member**: Attend monthly meetings to plan School-to-Career initiatives. 1-2 hr/month time commitment (meetings + volunteer activities with students)

Join us as a **Business Partner**: Share your contact to receive updates about our School-to-Career activities. If activities work with your schedule, come join us!

### FBLA

Our nationally-award winning FBLA Chapter is open to all students at CMS.

Mentored by the CTE Teachers and business partners, FBLA members hone their employability skills, participate in service and leadership activities, compete in a variety of business topics, and serve as student volunteers during school events.

**Please note: In order to compete, students must pay dues (\$12) by Oct. 20. They must also have completed or be enrolled in a CTE class taught by Mr. Staton, Ms. St. Juliana, Ms. Martin or Ms. Jones.**

### Free Computers Sponsored by Kramden Institute and Service from the FBLA Club
